Jauhara Lailah

Story so far

In Halvatt, the land of blistering deserts, a family feud is spiralling out of control. Ghee, ancestor of a great thief, and his childhood friend Prince Ulupica, are friendly rivals caught up in the destinies of their houses. Each of them has their own family reason for seeking out the legendary stones, the "Stars of the King", but it is not until they join forces with two twin dragons, Jalamera and Sharali, who claim the Stars are their mother that their hunt for the stones truly begins. Along the way, the four end up in the "Crystal Caverns" where they find a strange broken Star. Before they can retrieve it, however, they are set upon by a mysterious thief. The attack leaves Ghee encased in ice, and the other three in dire straits...

THUMP
Damnit... there's nothing in here either.
There must be some-thing!
.....

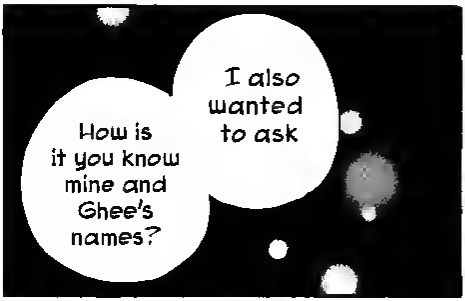
Since it was a Star of the Kings that froze him,
Then there must be another stone we can use to unfreeze him... hopefully...
!
knock
Booored now! I wanna take a break!
This...

"The Blazing Butter-fly"...
It is said that when night falls over the southern desert, a stone will appear in the skies.
They say it's drawn to flames like a moth,
And that it's hot enough to melt any-thing...
Heh...
How ironic.

Nothing... I was just thinking of Ghee.
How he'd do anything to get the treasure, if he were here...
What's wrong, Ulpie?
Shift
HMPH...
Ulpie! Stop thinking about Ghee, and look at me!
?
TWIRL
Jalamera made it from the flowers you gave her. Isn't it cute?

KICK!
KICK!
KICK!
H-HEY! STOP KICKING!
GEH
Oooo!
it's gorgeous...
Hm?
Oh, yes.
You'll upset the camel!
Don't wanna!
If you don't stop it'll spit all ove-
BLEERAH!
..damn.
...we should make camp here for the night.

Preen
S- sorry!
... You stink.
F- forget about it. No harm done.
We'll light a fire here and wait by it
Until the Blazing Butterfly appears.
Kaa- aay
CHK
CHK
Hm? It's not lighting...
CRACK
CRR...
BANG
NNGH!
He is terrible at this...
He's adorable!
Kya!



I also wanted to ask
How is it you know mine and Ghee's names?

Well, you see, when Jalamera and Sharali were babies...
They used to play with us.
Sefal Ulupica and Wahed Gheer.
!?

I know I've already asked this
But are you two truly going to help us in our quest for the Jauhara?
Yup!
Jalamera and Sharali are your friends, Ulpie!

Those are the names of mine and Ghee's ancestors...
Exactly. That's who I thought came and found us earlier.
But once we got outside, I realised
That we'd slept away two hundred years.
About your mother,
She'll wake up once we restore all the gems to the bracelet?
I... really want to find Mother.

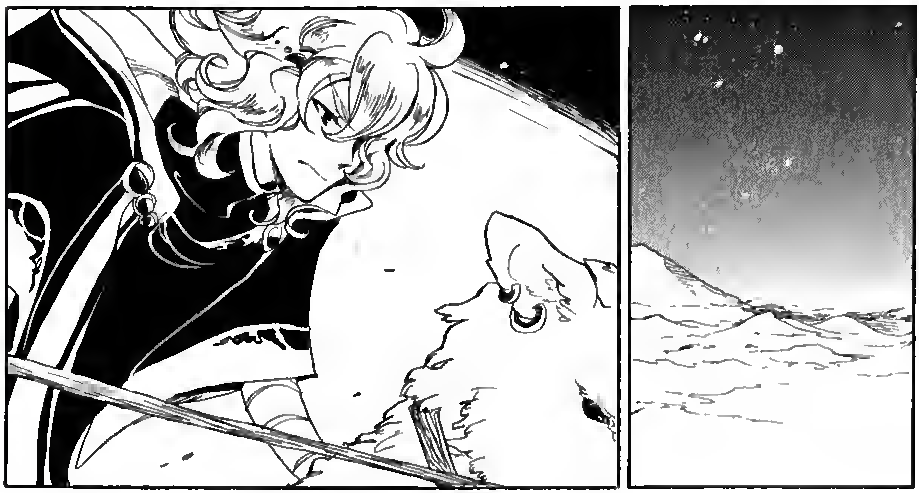
Resurrecting it will only stir up unrest in the people.
The dragon of legend is said to be an evil creature.
We do?
I see... then we have a problem.
Clunk
H-
Huh? No...
You two should probably leave this country with them.
When the day comes that you've gathered all the stones,
Mother would never hurt anyone!
I don't wanna leave!

Stop being selfish, Jalamera.
Don't you want to see Mother?
No! I wanna stay with Ulpie forever and ever!
...Honestly.
You're so immature, Jalamera.
Ungh!
Jalamera doesn't care! You're a big meanie, Sharati!
FWOSH

I mean
We can always use the chain to find her.
Ah-
Just leave her alone.
Meanies! They're meanies!
They're both stomping all over Jalamera's feelings!
Rrgh! Jalamera's had enough!
THWACK
WOBBLE

That light must be one of Mother's stones!
!
Isn't that the bad lady from before?
Tug
Tug
Nngh! Why you...
GO AWAY!
SPLASH

Jala-mera's never gonna let you have it!
Hehe! I did it!
...
CLENCH



She must be absolutely livid...
I've come all this way and still no sign of her...
I wanna stay here!
Noel
Ulpie-Cam
Incredible... I didn't realise how much she loved this country...
Sigh
I'd best revise my opinion of dragons.

SPIN
THAT'S THE BLAZING BUTTERFLY!
FWOOSH
If the legends are true, then a flame should lure it here...

Woah!
Blehh!
Woah there, settle down!
Stagger
DAMN IT!
Nngh,
Gallop
Gallop
CLATTER
CRASH

We're discussing what to do next... you should be here.
Oh no...!

Smell her? No, Jalamera didn't.

Shouldn't we give chase?
Damn but I'm tired already.

Fuu
Oh yeah, I just wanted to say
What?
For before... umm...
Y'know... thanks...

If it hadn't been for you
I'd probably still be frozen, y'know?

Toss
Don't get the wrong idea.
I just did it so we could get the stone.
...D-
Aw, don't be like that.
I've been thinkin', why don't we wipe the slate clean an' be friends?
It'd make finding the last stones easier too...
HOW-!?

HOW STUPID CAN YOU GET!?
THIS IS EXACTLY WHAT I HATE ABOUT YOU, GHEE!!
The First time I met you
I'd been separated from my servants and was lost in the city.
Do you remember what you did to me, Ghee?

So I just gave you some dates,
And then we messed around for a bit.
Whaddya mean? you were hungry
Just where the things you gave me had come from...
I overheard a conversation outside, and that was when I realised
...And then, when we went to your house later that evening.
Thief! You stole my dates!

I was of royal blood
And I had committed the unforgivable and eaten stolen goods.
I decided that if I could bring you to justice, I could atone for what I had done.
...What...
...What the hell?
I never even dreamed I'd end up helping you.
I just wanted... to be friends with you, is all...

Sorry.
You're supposed to be helping find the Kitty cat!

Star of Calamity

Hey!
Lady Jalamera!
Where are you!?
We have to keep looking. What if she can't find her way back?
C'mon, how long are we gonna keep lookin' for her?
Even if we don't look, she'll find her own way back eventually.
She'll be fiiine!

C'mon, you can do this!
START

The stars are beautiful tonight.
I wonder, have you found any more of those "Stars of the King" you're after yet?
I told you where the Stars were, and now I want to know if you've found them.
And the truth is you have, haven't you?
O-
Oh, it's just the Fortune teller chick? Don't sneak up on a guy like that...
Flick

If the stones remain in the hands of those with evil in their hearts,
It will only lead to calamity for themselves and those around them.
!?
Please, the stones must be returned to the royal family.
As soon as possible...
Shove
Hey, c'mon.
You stink. Like some weird drugs or somethin'.

Hmph
Nice to know you care so much, lady.
But quit messin' up your readings so much, 'kay?
What a fool.
He'll live to regret this.

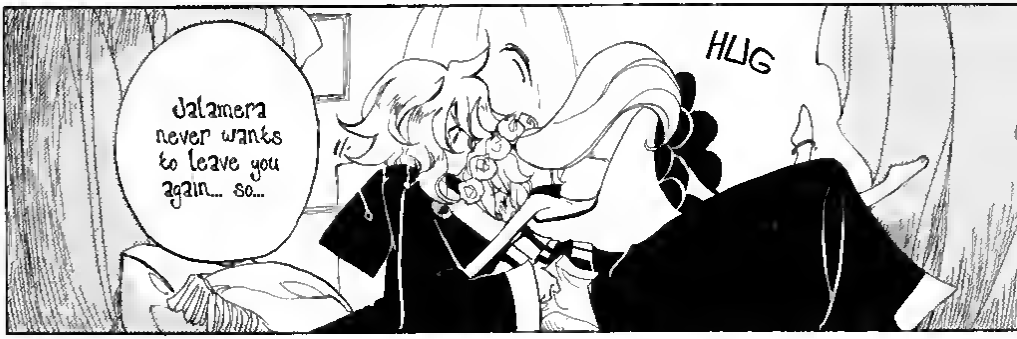
I've loved you for centuries, but I love this Ulpie the most!



HUG
Jalamera never wants to leave you again... so...

Jalamera will stop looking for Mother's stones.
!

You mustn't do that, my Lady.
Imagine how your Mother would feel if she heard you say that.
But why?

ANGRY
ANGRY
Damn-it.
The hell does she mean "will only lead to calamity"...
I mean, sure, we're thieves.
But we're real picky about who we steal from, and we never get violent!
We're thieves, but we've got some pride, damnit!

Oh,
Mornin' bratface. Granny didn't see ya, did she?
Nod

All he can hear now is my voice!
So he won't listen to anything you say, Ghee!
Wait... is that you, brat?
……?

Heehee. You see,
Ulu is my prince, not yours.
Float
Whaddya mean he can only hear your voice!?
Hey, give me Mother's bracelet.
I'm gonna stay with Ulu and Mother's bracelet forever and ever.

With Mother's bracelet?
You can't mean that, Jalamera!
That's not fair! It's wrong!

I gave up sleepin' on the roof for this.
Oh yeah, we could use this...

If we spread the scent of the Stones all over the city,
It should draw out Stupica and the brat... probably... maybe...
Why're you holdin' me like a girl!?
It's easier to carry you this way.
Or would you prefer my dragon form?
Night-mare
NO! NONO NO!
!
Ghee, look! Do you remember that?
Course I remember it...
It's where I found the first stone.

That's right and you found another of Mother's stones in there.
And there.
And another one over there... We flew here with Ulupica.
You flew with him?
It was while you were frozen.
Ulupica ran himself ragged trying to find that stone and save you.
.....

I'd never have thought he could betray anyone.
It's way too under-handed for him...
Yeah, that figures... He's always been a stupidly serious guy...

I've been thinkin'... maybe he ate somethin' that didn't agree with him.
I bet that's it.
I just need to yell some sense into him and he'll be fine.

Lean
Yes... I trust Ulupica as well Jalamea too.
They'll be fine.

That's the final stone, Jalamera!
Hurry up and spit it out, stupid brat!
No-no... if I do that,
I won't be able to be with Ulu anymore!

I didn't think the drug would wear off quite this soon...
No matter, the girl has served her purpose.

The Royal Guard...? What are they doing here?
Glow

Mother...

Ngh... why now...
And I was so close...
Tap
You let your guard down the moment you took the bracelet, Vinegar.
You are unworthy to even touch the Royal Treasure.
!?
FATHER!?

PANT
You don't... even know the truth...
Hmph. What are you blathering on about?
Hah! That's funny...
I have every right to take the Stars of the King.
Two hundred years ago...
My ancestor served the First King of Halvatt.
He would have been a powerless, incompetent sovereign if it weren't for the power of the Stars.
My ancestor would have made a far better ruler than him.
And so...

He plotted to slit the King's throat as he slept and take the bracelet.
But when he got there, the bracelet was already gone...
That despicable thief's ancestor
The second prince, Gheen, had disappeared.
And had taken the bracelet with him!
Hehe. So my ancestor blamed the King's murder on the prince.
And all the people of the country believed it, the fools!
...!?

Clench
Ow...
Rattle
Rattle
So you came to the palace anonymously,
And pretended to serve me.
That's right! And you didn't even realise, you fool!
Hmph
This story of yours is ridiculous.
Utterly ridiculous.

Tch
Yes, your Majesty!
STAMP
If you want to be spared, you'd best think up a more convincing lie.
Take her away.
STAMP
And as for you, Panju, I don't know how you are involved with all this
But that whelp's ancestor was a heinous criminal... he is an enemy of the Crown
You are part of the Royal Family. You know where the bracelet belongs.

Tch.
Your old man's a dick.
Father, you don't under-stand!
We shoud find out if she is telling the truth.
Shimmer

Now,
I command
you... give me
the Stars of
the King.

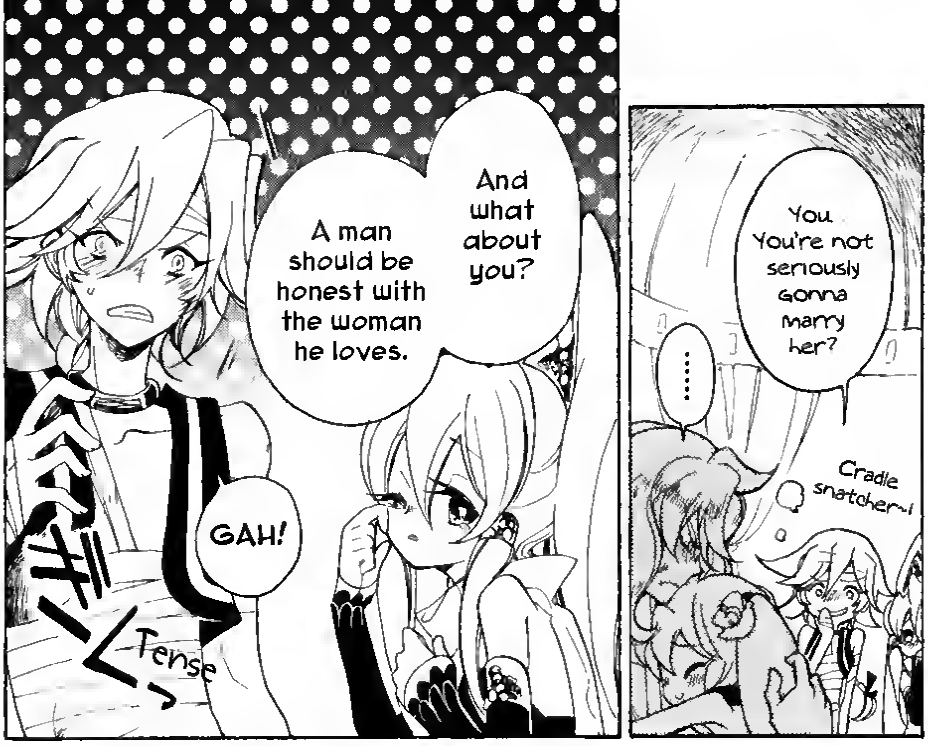
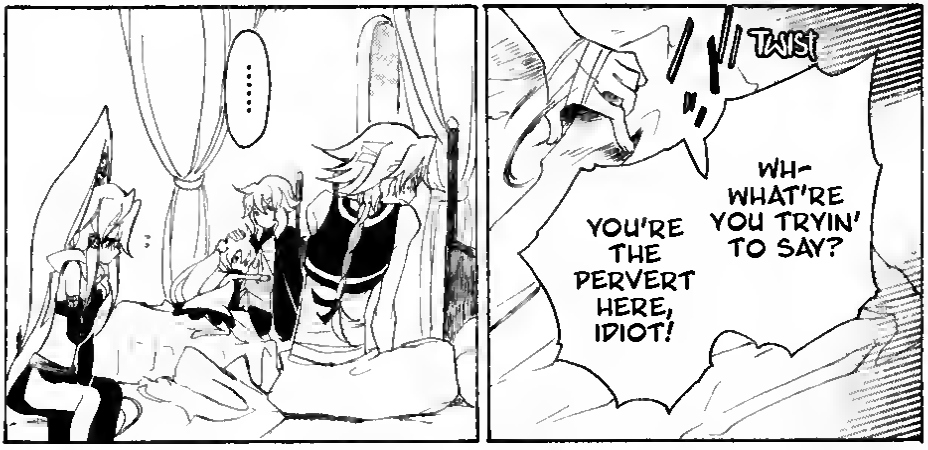
Ulu..! You're okay!
...U-
Hey, don't start cryin', you hear?
THREE DAYS!?
It's just you've been sleeping for so long.
It's been three days.
I see. I apologise,
For making you worry.
Does it hurt?
We've been caring for you the whole time.

But it's a good thing you two are safe.
It's not a good thing!
You and Ghee were really badly hurt!
... Lady Jalamera.

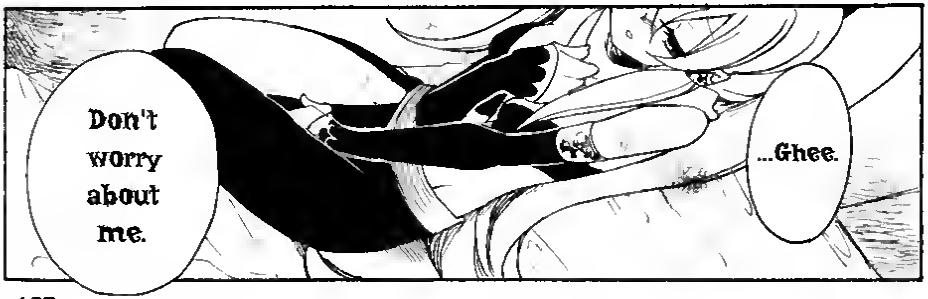
I never wanted you to suffer.
Could you ever forgive me?
Lady Jalamera, you're a child again!
Oh honestly Jala-mera.
Ohhh, Ulpie!
Gwah!
Tackle
But Jala-mera's happy!
I thought Mother told you to act your age!



And what about you?
A man should be honest with the woman he loves.
GAH!
Tense
You... You're not seriously gonna marry her?
Cradle snatcher~!



TWIST
WH-WHAT'RE YOU TRYIN' TO SAY?
YOU'RE THE PERVERT HERE, IDIOT!



Don't worry about me.
...Ghee.

I'm just happy you're awake.
And that you said my name before.
TUG
...Gah.
You're such an idiot!

Whisper
I'll say your name
!
as many times as you want.
Stab
AH!
Ghee, are you all right? Stay still.
Nod
...Awake at last, I see.
STEP

Father...
Father, please, just hear us out.
The Stars of the King are not what the legends say they are!
.....
Panju. And you, descendant of the Ghee clan.
You disobeyed my orders.

BRUSH
To protect... a dragon.
WHAT?
Oh!
The dragon -their mother- told me what happened.
Descendants, please listen to the truth
Of what happened two hundred years ago.

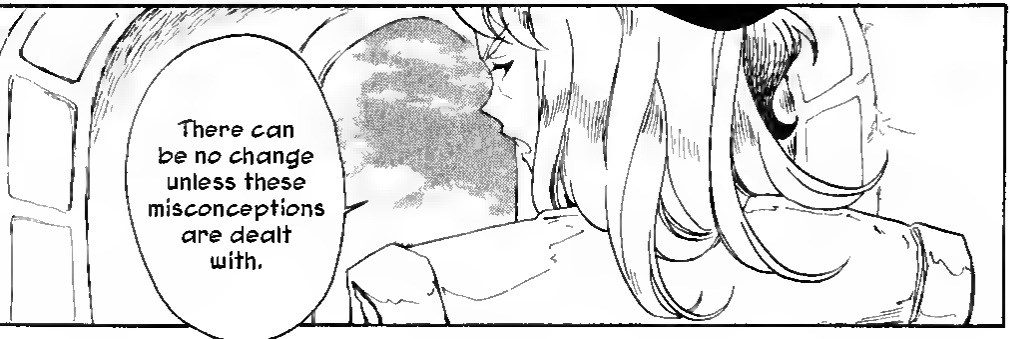
The only ones willing to befriend them were the princes, Ulupica and Gheer.
Those two treated my daughters like sisters.
The King of Halvatt took me in, and granted me a hamber in the palace.
There I raised Jalamera and Sharali.
I decided to send my daughters deep into the desert, and so took the form of a bracelet
Gheer was the one who would take us outside At least, that was our plan ..
But one night the King was murdered by a servant

Gheer barely escaped with his life.
He sent a letter to Ulupica, who had remained in the palace.
"I care not if history sees me as a villain."
"We must use our respective positions to find the stones and save the dragon."
But on the way, we were set upon by a band of thieves and Gheer was grievously injured
The "Stones" that made up my body were stolen,
And my powers waned.

Descendants, please. You must believe me.
All of this came about because of the kindness and generosity of the two princes.
.....
Just as the "Stars of the King" has been restored to her former draconic glory,
And the Ghee clan to be reunited.
The time may well have come for the Royal Family

Huh? Reunited...
Father, do you mean to accept Ghee into our family?
... However

There are still many people who see the Ghee clan as thieves.
And many people who would call the dragon a creature of evil.



There can be no change unless these misconceptions are dealt with.

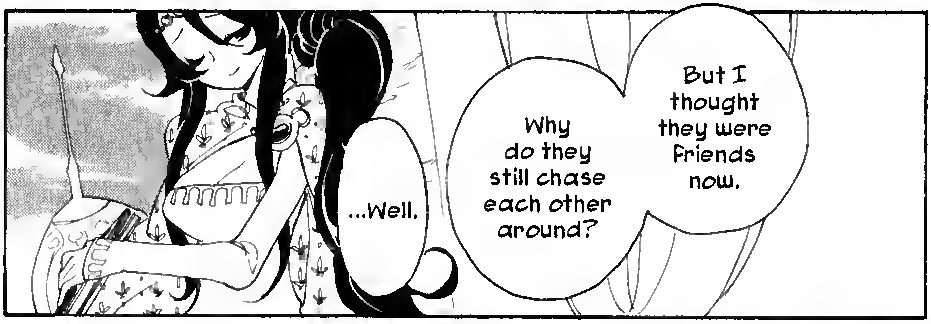
That's true... How are we supposed to change a legend?
Heh
Well ain't this interestin'.
There's one last thing
For the world's greatest thief to steal.

"AND WITH THAT,"
"HAMZA, OF THE FIFTH GENERATION OF THE GHEE CLAN, PROCEEDED TO WRITE HIS OWN VERSION OF THE LEGEND,"
"TELLING ALL WHO WOULD LISTEN THE TRUTH OF THE SACRED DRAGON."
That fairy tale they call a legend!

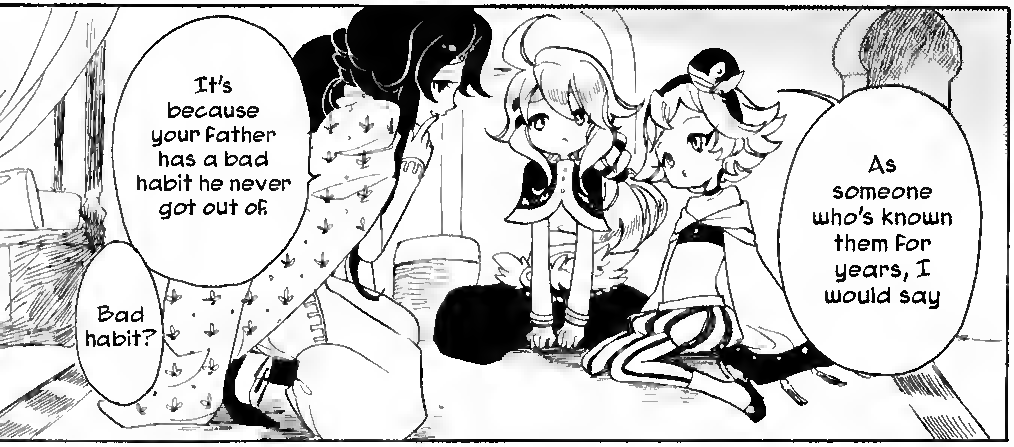
"AND SO, ONCE THE LIES HAD BEEN DONE AWAY WITH,
"HAMZA TOOK HIS PLACE BY THE THRONE OF KING PANJU ULUPICA V"

...and the country of Halvatt, with its guardian dragons restored,
Was the most prosperous it had ever been.
SHUT

Whaaat! Is that it? Where's the rest?
You boys know the rest of the story just fine.
Huh? But...



But I thought they were friends now.
Why do they still chase each other around?
...Well.



As someone who's known them for years, I would say
It's because your father has a bad habit he never got out of.
Bad habit?

... I've finally found you.
Poor little princess sleepin' in a cave.
That's right.
A very bad habit of his.
BOOM
My cute lil emerald princ-
-CESS!?

GHEE, YOU BAST-ARD!!
AFTER ALL THIS TIME YOU'RE STILL SNEAKING OUT!
Shirking your royal duties to go treasure hunting!? You're an embarrass-sment to the Royal Family!
An embarrassment
SWISH
PFFT

S'not that bad! I mean, it gave you guys a chance to have a date, right?
But I think you went a teensy bit over-board.

CRASH

Swivel
Cling
It's scary! Hold me.
It's all right. I'm here to protect y-
Oh.
Have a happy life together!
Damnit! Get back here, you coward!
Ahaha! Just try an' make me, idiots!
CHAAARGE
Oh, not this again...
If you want treasure, we've got two beautiful baby boys back at the palace...
Cup
Well... umm, yeah I guess...
If you put it like that
Blush

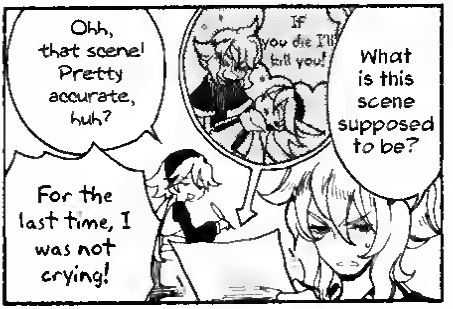
Sharali, you're the most beautiful treasure a guy could ask for!
HERE ENDS THE TALE OF A DESERT LAND
WHERE HUMANS AND DRAGONS LIVE TOGETHER IN HARMONY.

AND THE TALE OF THE WORLD'S GREATEST EX-THIEF.
The end

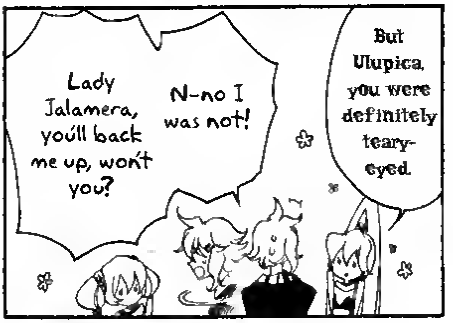
Jawhara Lailah

DRAGONS: EXTRA COMICS!

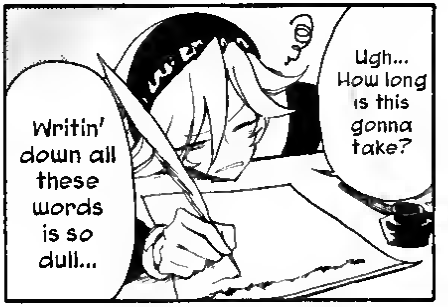
I WASN'T CRYING!

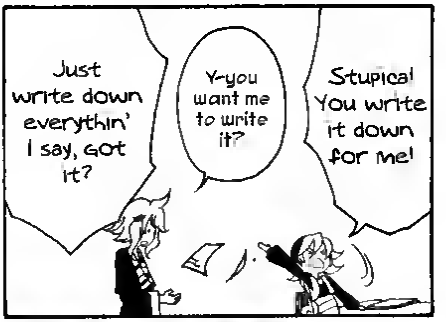


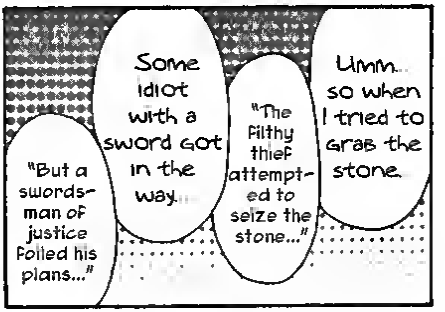
Ohh, that scene! Pretty accurate, huh?
If you die I'll kill you!
What is this scene supposed to be?
For the last time, I was not crying!



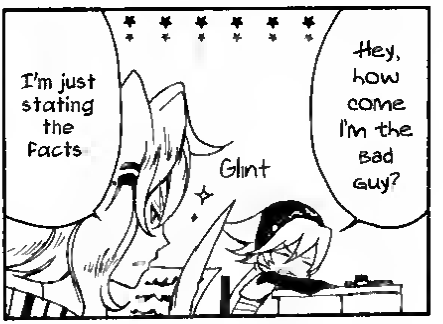
WRITING THE LEGEND







"But a swordsman of justice foiled his plans..."
Some idiot with a sword got in the way...
"The filthy thief attempted to seize the stone..."
Umm... so when I tried to grab the stone



Thank you very much for purchasing the final volume of Jauhara Lailah! I'm Chisato Nesumi. It's taken a very long time to get to the end of this tale, and I'm very glad I was able to tell the whole thing and we've finally reached the end. I want to thank my friends and family, and everyone else who has supported me for seeing this through with me. I'm also eternally grateful to my editor, the editing department, and everyone else who was part of this project, and to my lovely readers. I hope to see many of you again in the future. Until next time!

2011.05.11

Special thanks to my assistants, Nanoha and Kuroko! I love you guys!

Ghee:
Originally, Ghee had black hair and a turban, but I couldn't get him to look right, so he ended up with the current design. In the end, nobody wore a turban

Ulupica: A lolicon crybaby who's really fun to tease! Both my assistants and my editor really liked the black hooded robes he wore in volume two.

Jalamera and Sharal:
The twin dragons who everyone loves eventually. These two are so much fun to colour!

Mad Hatter Scans Will Miss you!

Dear Jauhara,
Oh my baby darling, you grew up so fast. You were an amazing first child, with your wonderful Gheepica banter, your utterly gorgeous artwork and your cheeky little cliffhangers (oh you <3). But unfortunately, just as Ghee and Stupica have, it is time for us to move on with our lives. I'm going to miss you, you crazy little manga you. You've made it to the end of your serialisation, and now it's time for you to go off into the big wide web and start a fandom of your own. I hope you discover a very special pairing, and make beautiful fangirls of your own.
Just remember when times get hard, you'll always have a home here at Mad Hatter Scans. In the basement. With the sexy men.
